

Health Related Policies:

1. It is the policy of the Pegasus School that its elementary, middle school and junior high students, as applicable, engage in at least the amount and level of physical activity required by Tex. Educ. Code 28.002(1).
2. Pegasus complies with vending machines and food service guidelines and does not have on its campus any vending machines.
3. The use of tobacco products, including vaping, is prohibited by students and others on school grounds or at school-sponsored or school-related activities. This prohibition is enforced by the school. The prohibition, and potential consequences, are delineated in the Student Code of Conduct.
4. Parents may require in writing their child's physical fitness assessment results at the conclusion of the school year.
5. The Health Advisory Council did not meet formally during the previous year.
